

Caltrans Construction Notice

I-5 FREEWAY CLOSURE

PROJECT: I-5 HOV Improvements (SR-118 to SR-170)

January 2012

Caltrans is constructing a carpool lane on the Golden State Freeway (I-5) between the Ronald Reagan Freeway (SR-118) and the Hollywood Freeway (SR-170).

As part of the project, crews will be installing temporary construction supports on southbound and northbound I-5 to build the bridge connector between the I-5 and SR-170 carpool lanes.

This operation will require full closures of I-5 *in one direction* at night between Branford Street and Sheldon Street beginning **January 29**. When southbound I-5 is closed, traffic will be detoured off the freeway at **Osborne Street**. When Northbound I-5 is closed, traffic will be detoured off the freeway at **Sheldon Street**. (See page 2 for a detour map.)

You may hear construction noise during this operation, but it will not exceed levels allowed by state and federal regulations.
