May 1, 2012

Caltrans is constructing a carpool lane on the Golden State Freeway (I-5) between the Ventura Freeway (SR-134) and Magnolia Boulevard in Burbank.

As part of the improvements, crews will begin pile driving on Sonora Avenue. The contractor will drive piles, between the sizes of 46' to 71', into the ground. These piles will provide the structural support necessary for the widening of the freeway.

You may hear construction noise and experience vibrations during this operation. Noise will not exceed levels allowed by state and federal regulations.
