

Caltrans Construction Notice

NORTHBOUND I-5 FREEWAY CLOSURES

I-5 HOV Improvements – SR-118 to SR-170

June 1, 2012

Caltrans is constructing a carpool lane on the Golden State Freeway (I-5) between the Ronald Reagan Freeway (SR-118) and the Hollywood Freeway (SR-170), and a new carpool lane connector between I-5 and SR-170.

As part of the connector construction, crews are installing temporary construction supports — columns and beams — on northbound I-5. For the safety of motorists, this work requires partial and full freeway closures at night.

Column installation requires partial freeway closures — at least two lanes will continue to remain open at all times. Beam installation requires full freeway closures. (See map below for detour.)

You may hear construction noise during this operation, but it will not exceed levels allowed by state and federal regulations. You may also notice additional lighting.

The closure dates are subject to change. Rain, for example, can delay work. If you'd like to receive closure updates by email, please contact us and provide your email address. (Contact info at right.) Closure dates will also be posted on the I-5 website.

WHERE

Northbound I-5 between Tonopah Street and Tujunga Wash

WHEN

Partial Closures

DATES

- Monday, April 23, through Friday, April 27 and
- Tuesday, June 5 through Thursday, June 14, 2012
